

Testing Report - Application Health Check - SC_001

Report Timestamp: 07-17-2025, 15:34:22

Testing URL: <https://bigappmarket-dev.appiancloud.com/suite?signin=native>

Testing Environment: QA

Current Network Speed: Test Test

Test Introduction

To verify health of the application by clicking all buttons, tab, link texts, and navigating to different pages. The report aims to confirm the application's stability, responsiveness, and overall functional integrity, ensuring a seamless user experience across its various features and pages.

Test Methodology

This document outlines a robust test methodology for comprehensively verifying the existence and accessibility of all user interface elements, tabs, and pages within an application. By integrating the Page Object Model (POM) for maintainable test code and a Test-Driven Development (TDD) approach for early defect detection and precise requirements definition, this methodology ensures high-quality and reliable test automation.

Test Summary

- * To ensure proper handling and acceptance of input within the username field.

Result: Passed

Right click on image and select Open link in new tab

- * To ensure proper handling and acceptance of input within the password field.

Result: Passed

Right click on image and select Open link in new tab

- * Initiating the login sequence via the Login button.

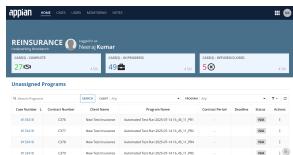

Result: Passed

Right click on image and select Open link in new tab

- * Initiating navigation via the 'Home' text link.

Result: Passed

Right click on image and select Open link in new tab

- * Interacting with the Cases link text

Result: Passed

The screenshot shows a list of unassigned programs. The columns include Case Number, Open Name, Program Number, Current Period, Deadline, Status, and Actions. There are four entries:

Case Number	Open Name	Program Number	Current Period	Deadline	Status	Actions
PR13348	CEN	New Reinsurance	Automated Test Run 2025-07-14 16, 45, 11, PR2 C377	2025	1	
PR13348	CEN	New Reinsurance	Automated Test Run 2025-07-14 16, 45, 11, PR2 C377	2025	1	
PR13348	CEN	New Reinsurance	Automated Test Run 2025-07-14 16, 45, 11, PR2 C377	2025	1	
PR13348	CEN	New Reinsurance	Automated Test Run 2025-07-14 16, 45, 11, PR2 C377	2025	1	

Right click on image and select Open link in new tab

* Selecting the Users link text

Result: Passed

The screenshot shows a list of users. The columns include User ID, Role, Underlying Name, Department, Email, and Manage. There are several entries:

User ID	Role	Underlying Name	Department	Email	Manage
PR13348	Administrator	Administrator	Central	admin@reinsurance.com	No users assigned
PR13348	Editor	Editor	Central	editor@reinsurance.com	No users assigned
PR13348	Viewer	Viewer	Central	viewer@reinsurance.com	No users assigned
PR13348	Administrator	Administrator	Central	administrator@reinsurance.com	No users assigned
PR13348	Editor	Editor	Central	editor@reinsurance.com	No users assigned
PR13348	Viewer	Viewer	Central	viewer@reinsurance.com	No users assigned
PR13348	Administrator	Administrator	Central	administrator@reinsurance.com	No users assigned
PR13348	Editor	Editor	Central	editor@reinsurance.com	No users assigned
PR13348	Viewer	Viewer	Central	viewer@reinsurance.com	No users assigned

Right click on image and select Open link in new tab
